Sussex Pride

Beth Kopicki
Nonviolent Seaford

As we unite to affirm peace as the way, we invite you to a community action forum to learn how you can join forces all across Sussex County to counter hate in our state and build a culture of active nonviolence. Join us to explore practical strategies for identifying and addressing hateful rhetoric, supporting victims, and fostering a truly inclusive environment where everyone feels safe and valued. Let's turn our collective resolve into concrete actions that build bridges and reject division. Register using the
