Code Purple @ the Cape

Warm Shelter • Safe Nights • Community Care

"I was a stranger and you welcomed me." Help us welcome them in from the cold."

amazon wishlist

This winter, **Code Purple @ the Cape** will operate three emergency overnight shelters in **Lewes, Rehoboth Beach, and Bethany Beach**, providing a warm, safe place to sleep, nourishing meals, transportation, and, perhaps most importantly, a sense of dignity and belonging to men and women experiencing homelessness.

Each evening, our guests arrive carrying very little. Through the generosity of our churches,

volunteers, and community partners, we are able to offer not only shelter but also the everyday essentials that make a difficult winter night a little more comfortable.

To help meet these needs, we have one again established a **Code Purple @ the Cape Amazon Wish List** containing supplies and personal care items needed throughout the shelter season.

Congregation members can select an item from the list and have it shipped directly to our ministry. Whether someone purchases a single item or several, every gift helps us care for our guests and allows our volunteers to focus on providing compassionate hospitality.

Code Purple @ the Cape began with a simple belief: **No one in our community should have to face a freezing winter night alone.** That belief has grown into an extraordinary ecumenical ministry, made possible by the generosity of local churches and hundreds of dedicated volunteers.

Thank you for the many ways your church serves our community. Your willingness to share this opportunity with your congregation would be a tremendous blessing to our guests and to the volunteers who care for them each night.

With gratitude and God's blessings,
Mike Agnew
Executive Director
